

Citations

Definition and Purpose

Citations are used to achieve compliance with GT PTS rules and regulations and increase safety on campus for pedestrians and visitors; to help ensure that parking resources are used efficiently; to balance competing needs and allocate limited resources. All faculty, staff, students, and visitors who park a vehicle on campus are required to pay for parking.

Rules and Regulations

- A citation is an official document that describes the violation, amount of penalty, time and location of issuance, vehicle description, and information about how to pay or appeal the citation.
- The registered vehicle owner is responsible for a parking citation (including lost, stolen or damaged citations) whether or not the owner was operating the vehicle at the time the citation was issued.
- Citations are delivered by placing them on a vehicle or by mail.
- Only authorized GT PTS employees and GT Police may issue parking citations.
- Vehicles are subject to booting, towing and/or relocation to another lot or location on campus if the vehicle is in violation of parking policies, faces a safety or security risk, left unattended for more than 10 days, or left in a space or zone after the time stipulated to vacate for an event.
- Vehicles are subject to booting, towing and/or impoundment if the vehicle has three or more outstanding citations, or has \$100 or more in unpaid citations (10 days or more past due). All citations and towing fees due to GT PTS must be paid prior to the vehicle being released to the registered owner.
- Vehicles are subject to booting, towing and/or impoundment if the vehicle is parked on campus with an altered, counterfeit or stolen permit. All citations and towing fees due to GT PTS must be paid and the permit returned to PTS prior to the vehicle being released to the registered owner.
- More than one citation per day may be issued to a vehicle that is in violation of parking policies.
- All citations must be paid or appealed within ten (10) calendar days to avoid further enforcement action which may include late fees and referral to a debt collection agency. Citations should be paid on-line or at the PTS Office.
- Unpaid citations are subject to collections and/or Institute polices. Citations for vehicles not found in the GT Parking Database shall be traced through the appropriate state's Department of Motor Vehicles (DMV) /Department of Drivers Services (DDS). Owner's addresses will be obtained for collections purposes.
- For students, unpaid citations and fines shall be transferred to their Bursar's account after 30 days of its issuance or immediately after a DMV/DDS trace (if the citation is 30 days or more from its date of issue). Once the transfer has been completed, students will be required to pay the fines through the Bursar's office.
- Parking citation rates (fines) are approved annually by the PTS Advisory Committee and are subject to change.
- Citations written in error may be withdrawn by the Senior Director or his/her designee.
- Citations may be issued for violating any parking rule or regulations including but not limited to the following:

Citation Type	Definition
Parking on campus with an altered, counterfeit, lost or stolen permit	<ul style="list-style-type: none"> ● Use / Display of an Annual Permit reported as lost or stolen. ● Use / Display of a Temporary Permit reported as lost or stolen. ● Use / Display of an Annual Permit that has been altered or counterfeited. ● Use/Display of a Temporary Permit that has been altered or counterfeited. <p><i>Altered or counterfeit permits include but are not limited to: reproductions of an actual permit, altering the lot number, altering the effective/expiration date or using a permit listed as cancelled, lost or stolen or any other modifications.</i></p>
